

Publications

- Nordin, A., Näsholm, T. & Ericson, L. 1998. Effects of simulated N deposition on understorey vegetation of boreal coniferous forest. *Functional Ecology* 12: 691–699.
- Nordin, A. & Gunnarsson, U. 2000. Amino acid accumulation and growth of Sphagnum under different levels of N deposition. *Ecoscience* 7: 474 – 480.
- Strengbom, J., Nordin, A., Näsholm, T. & Ericson, L. 2002. Parasitic fungus mediates change in nitrogen-exposed boreal forest vegetation. *Journal of Ecology* 90: 61–67.
- Strengbom, J., Olofsson, J., Witzell, J. and Dahlgren, J. 2003. Effects of repeated damage and fertilization on palatability of Vaccinium myrtillus to grey sided voles, Clethrionomys rufocanus. *Oikos* 103: 133 – 141.
- Strengbom, J., Näsholm, T. & Ericson, L. 2004. Light, not nitrogen triggers expansion of the grass Deschampsia flexuosa in boreal forests. *Canadian Journal of Botany* 82: 430 – 435.
- Strengbom, J., Witzell, J., Nordin, A. & Ericson, L. 2005. Do multitrophic interactions override nitrogen fertilization effects on Operophtera larvae? *Oecologia* 143: 241 – 250.
- Nordin, A., Strengbom, J. & Ericson, L. Responses to ammonium and nitrate addition by boreal forest plants and their natural enemies. *Environmental Pollution*. *In press*.
- Strengbom, J., Englund, G. & Ericson, L. Experimental scale and precipitation modify effects of N-addition on a plant pathogen. *Journal of Ecology*. *In press*.
- Wiedermann, L., Nordin, A., Gunnarsson, U., Nilsson, M. & Ericson, L. Global change and trophic interactions on a boreal mire. *Submitted manuscript*.
- Forsum, Å., Dahlman, L., Näsholm, T. & Nordin, A. Bryophyte N utilization in a boreal forest fertilization experiment. *Submitted manuscript*.
- Forsum, Å., Laudon, H. & Nordin, A. Nitrogen uptake by Hylocomium splendens during snowmelt in a boreal forest fertilization experiment. *Manuscript in preparation*.
- Nordin, A., Strengbom, J., Forsum, Å. & Ericson, L. Dose-response relations of N induced vegetation change. *Manuscript in preparation*.
- Strengbom, J., Walheim, M., Näsholm, T. & Ericson, L. 2003. Regional differences in the occurrence of understorey species reflect nitrogen deposition in Swedish forests. *Ambio* 32: 91–97.
- Nordin, A., Strengbom, J., Witzell, J., Näsholm, T. & Ericson, L. 2005. Nitrogen deposition and the biodiversity of boreal forests – implications for the nitrogen critical load. *Ambio* 34: 20 – 24.
- Strengbom, J., Nordin, A., Näsholm, T. & Ericson, L. 2001. Slow recovery of boreal forest ecosystem following decreased nitrogen input. *Functional Ecology* 15, 451–457.
- Näsholm, T., Ekblad, A., Nordin, A., Giesler, R., Högberg, M. & Högberg, P. 1998. Boreal forest plants take up organic nitrogen. *Nature* 392: 914–916.
- Nordin, A., Högberg, P. & Näsholm, T. 2001. Soil nitrogen form and plant nitrogen uptake along a boreal forest productivity gradient. *Oecologia* 129: 125 – 132.
- Persson, J. & Näsholm, T. 2001. Amino acid uptake: a wide spread ability among boreal forest plants. *Ecology Letters* 4: 434 – 438.
- Persson, J. & Näsholm, T. 2002. Regulation of amino acid uptake in conifers by exogenous and endogenous nitrogen. *Planta* 215: 639 – 644.
- Persson, J. & Näsholm, T. 2003. Regulation of amino acid uptake by carbon and nitrogen in *Pinus sylvestris*. *Planta* 217: 309 – 315.
- Persson, J., Högberg, P., Ekblad, A., Högberg, M.N., Nordgren, A. & Näsholm, T. 2003. Nitrogen acquisition from inorganic and organic sources by boreal forest plants in the field. *Oecologia* 137: 252 – 257.
